## Product Description

### Bee Brush Beekeeping With Wooden Handle Single Row Bristle Tools For Beekeepers

#### Bee Brush

A bee brush is a soft bristled brush that can be used to gently, and harmlessly, remove bees from a surface. It is usually made with long, soft, non-ridged bristles, which are gentle enough for moving bees off of delicate comb and firm enough to remove bees from old frames, equipment or the beekeeper. When used properly, a bee brush will not injure bees. About the bee brush materials, we have soft fiber, horse hair and bristle. About the handle, there are plastic handle , wooden handle with different style , like Straight style, streamlined style, thick handle and thin handle. About the row of the brush, one row,two rows, three rows, four rows even five rows can be customized. You can match the different handle with different rows brush if you have big requirement. Welcome to check contact us for more details.
