05CD-08-3				148-139	304 Stainless steel honey tank and red metal stands
05CD-09				200-190	Stainless steel

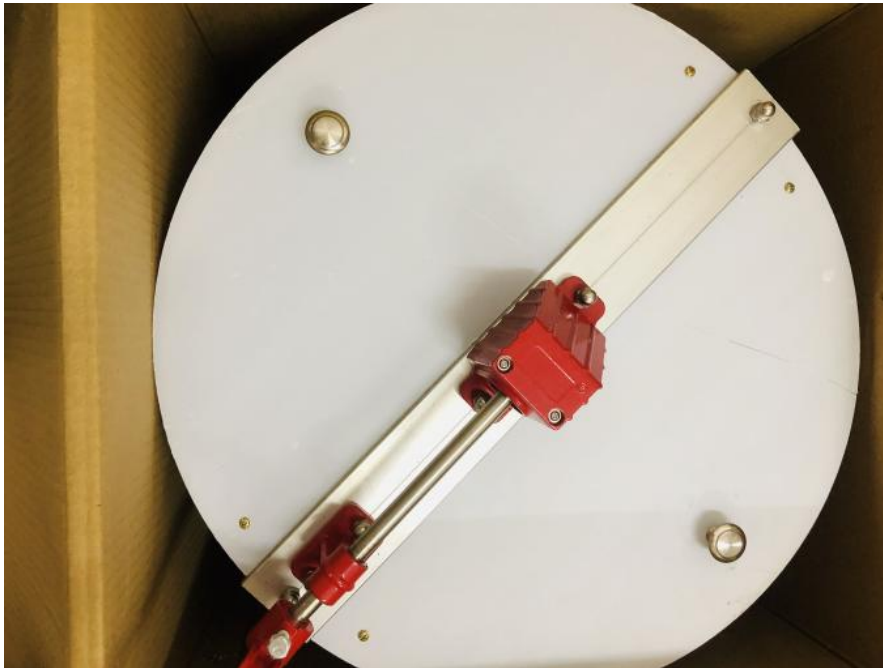

#### The Differences Between 05CD-08 and 05CD-09:

Item NO.	Features
05CD-08	Including Nylon honey gate, plastic lid. If need outside metal frame package box , need to add USD6.0
05CD-09	Including stands and honey gate, plastic lid, Australian standard plug, European standard plug, American standard plug and so on can be attached as your requirement

#### Features of 4 Frames Honey Extractor:

1. The connection point of the 4 frames honey extractor is well welded.
2. The bulge shape in the bottom of the honey extractor tank is more easily to let the honey outflow through the honey gate.
3. The handle and support frame of the honey extractor are well stoving varnished, the oil paint on the surface is hard to fade.
4. The thickness of the honey extractor tank is 1.2mm, it's very solid and durable.
5. The 304 stainless steel honey extractor is better than 201 stainless steel honey extractor, it's hard to get rusty.

Material	Stainless steel
Product Usage	Separate the honey from frame
Size	Honey tank:47cm*63cm.The height of the honey tank 105cm
