Product Description

Stainless Steel Transferring Bee Larvae Needle Grafting Tool With Blue Handle

Descriptions of Transferring Larvae Tool:

The grafting tool shown above started life as a dental probe, but a little judicious grinding and re-polishing turns it into a good grafting tool, which, owing to the weight in the solid metal handle, has a very positive 'weighty' feel to it that aids slow and deliberate handling.

This blue plastic tool is similar to the dental probe, it has been available.

Specifications:

Material	Stainless Steel
Weight	18g
Length	170mm
Needle dia	2mm

More info:

Material: Stainless steel
service time: long life time
MOQ: 1000pcs
fast delivery time
