Product Description

Wholesale Customizable High Quality Langstroth Wooden Beehive Frames for Beekeeping

Product name	Beehive Frame
Material	Fir wood
Color	Wooden
Style	Langstroth size
Package	Carton
Sample	Available

Why choose us ?

A. Our raw materials are better

We usually choose pine wood not fir wood as our material to make products. The density of pine wood is higher than that of fir wood, so the products made from pine wood are stronger and have longer use life than those made from fir wood. There are scars in the texture of fir wood while pine wood not. Under natural conditions, the damage of beehives and hive frames often starts from scars, which also means that the hive frames made of pine have longer use life.

B. We provide customized services

We can do the Dadant ,Langstroth, or other size as your require.

C.Our workmanship is more exquisite

We pay attention to details and quality to provide customers with good service. Choose us, I believe you will never regret it.

Company Profile

Bee Star---the most professional one-stop beekeeping platform, who is the first beekeeping group company consisting of several beekeeping products factories. For helping our customers to get the best quality, most competitive price and best after-sales service, we insist our everlasting business principle: Be honest and sincere to all customers, only supply great quality beekeeping accessories and 100% pure natural bee products.

Our honey plant has complete and advanced facilities to ensure that every drop of honey meets high-quality standards. Firstly, we have a first-class laboratory equipped with advanced testing equipment and professional technical personnel. Here, every batch of raw materials and finished products undergoes strict quality testing to ensure no additives, pollution, and residues. Secondly, our production workshop adopts modern production lines, achieving automated and intelligent production processes. Here, honey is finely filtered, sterilized, and packaged to retain its original nutritional content and taste. Finally, our storage room adopts constant temperature and humidity technology to ensure that honey remains in its optimal condition during storage. Here, honey is properly stored and ready to be sent to various parts of the country at any time, sharing the sweetness of nature with you.

Exhibiton

Our advantage

F.A.Q.

1.Are You Factory/Manufacturer or Trading Company?

We are a trading company with special cooperation's with several local manufacturers of beekeeping products in China. Our wide arrange of manufacturers allow us to obtain a large variety of beekeeping products and equipment at a great competitive price.

2. Do You Offer OEM/ODM Service?

Yes, we have a rich experience in offering OEM/ODM service in some of our products. Design service offered. Buyer label offered.

3. What is your MOQ? Can we get a small order for the first time?

Our MOQ is based on the price, the lower quantity, the higher price. However, we can mix the order to reach the minimum and complete the order. Please confirm details with us.

4. How About the Shipping Cost?
