Product Description

Low Costs Manual Beeswax Comb Foundation Press Machine in Flat Form

Beeswax foundation sheet machine

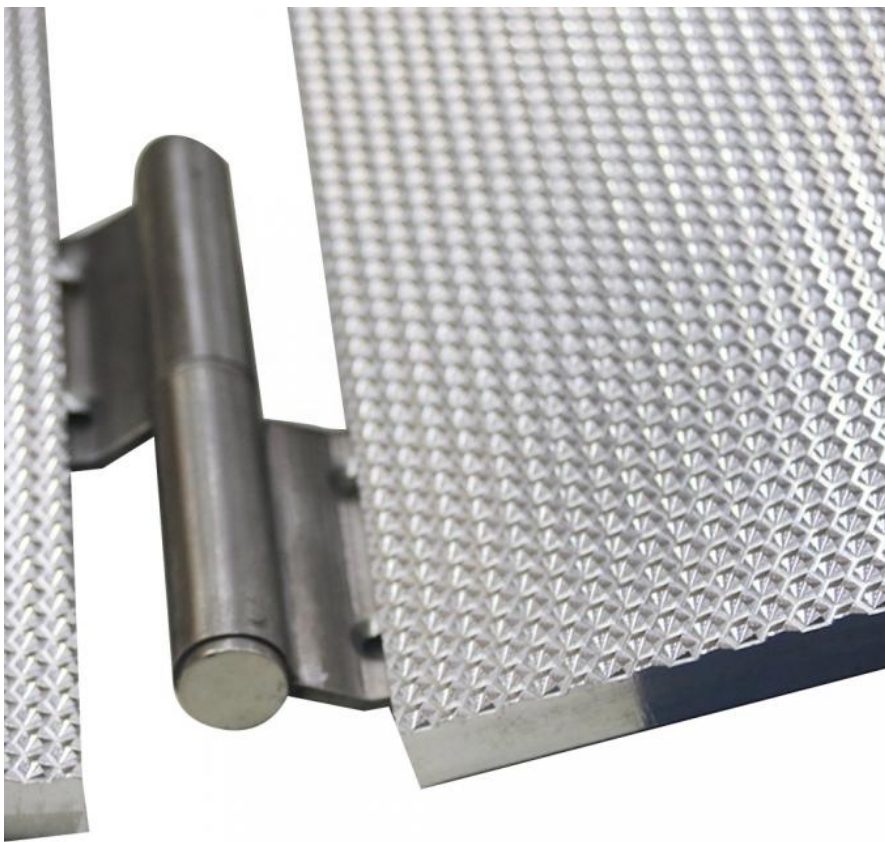

Beeswax foundation sheet machine is used to make beeswax foundation sheet for beekeeping, It usually consist of two rollers fixed horizontally close together in a cast iron frame, the surface of these rollers has a honeycomb cell design which embosses the comb foundation sheet. Manual, electric and fully automatic bees wax foundation machine can be available according to your diverse requirement. Manual Tablet press machine is used to make plain and pure beeswax sheet.

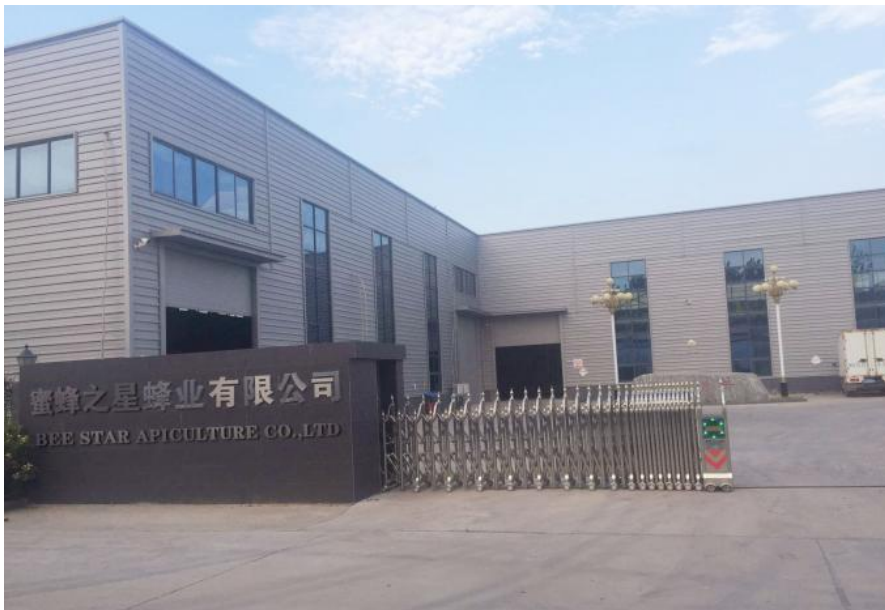

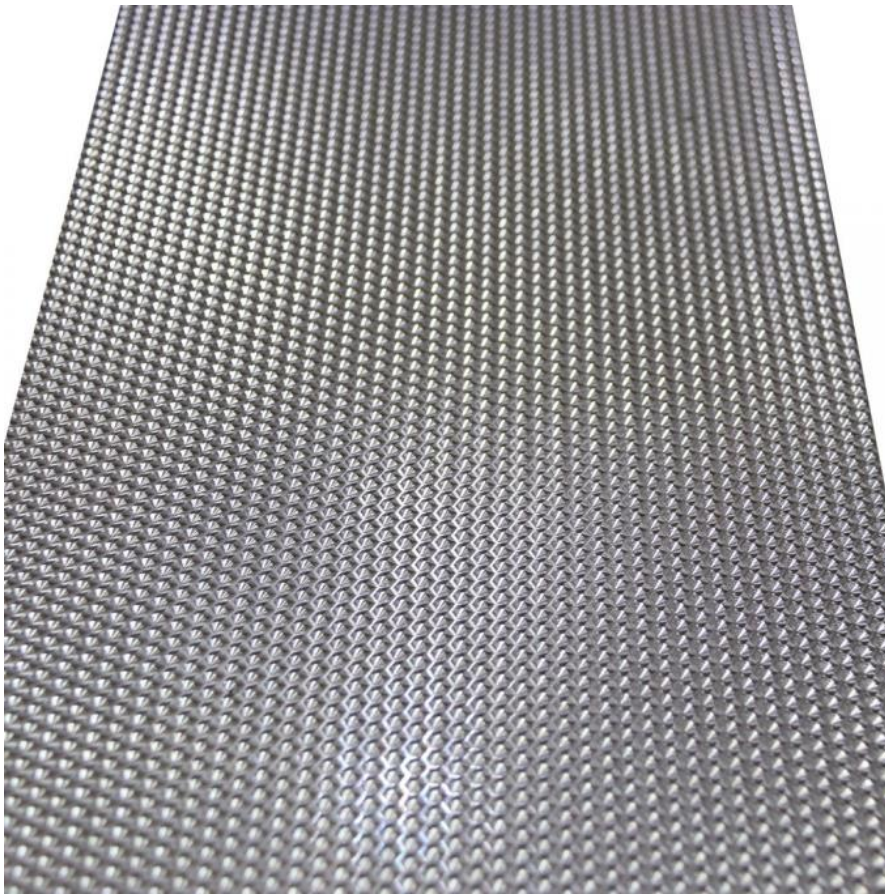

Feature:

- A. Coated with a protective layer ,our handlebar is not easy to be damaged inside. Feeling more comfortable and not easy sliding
- B. Applied with numerical control engraving machine,our comb machine rollers have more precise and durable cell pattern
- C. Beeswax foundation sheets made by our comb foundation machine have uniform thickness and hconsistent size
- D. Cheaper price and higher quality
