Our Product Introduction

Product Description

Durable 3-piece Full Automatic Beeswax Machine

Designed to manufacture comb foundation sheets for beekeeping and honey industry applications.

Product Overview

The full automatic beeswax foundation machine produces comb foundation sheets that enable bees to build their honeycomb structures naturally. Utilizing advanced machine engraving technology, this equipment ensures consistent spacing and high foundation acceptance rates.

- Roller-based beeswax coining mill design
- Lead-free construction with high precision engineering
- Durable construction for long-term operation
- Produces hard, compact, and neatly formed beeswax sheets
- Customizable foundation sheet sizes to meet specific requirements
- High production capacity: 3 foundation sheets every 8 seconds

Technical Specifications

Voltage	220V - 380V
---------	-------------

Power	4.5kW - 7.5kW
Diameter of Roller	202mm
Beeswax Sheet Size	415*195mm (adjustable to requirements)
Honeycomb Size	5.3mm (customizable per roller set)
Length of Roller	350mm - 750mm
Machine Dimensions	2.6m * 1.2m * 1.2m
750mm Machine Package	2.4 x 1.3 x 1.3m (machine), 0.8 x 0.9 x 1.2m (cooling unit), 900kg net weight
350mm Machine Package	2.4 x 1 x 1.3m (machine), 0.7 x 0.8 x 1.1m (cooling unit), 600kg net weight

Company Profile

Bee Star is your comprehensive solution for beekeeping equipment and supplies. Our extensive product portfolio and competitive pricing meet diverse client requirements across South America and Europe. Based in Chengdu, China, our experienced team delivers exceptional service through competitive pricing, rigorous quality control, and comprehensive documentation support for international shipping. We take pride in our

business approach and the strong relationships we've built with customers worldwide. Contact us today - we look forward to assisting you!
