310mm/450mm Manual Beeswax Flat Sheet Mill Roller Machine Foundation Making Embossing

This machine is used in conjunction with the beeswax foundation machine. First, the beeswax block needs to be pressed into a smooth piece through this machine. In this way, through the beeswax foundation machine in the sheet-shaped beeswax, the required beeswax foundation sheet can be pressed.

The advantages:

1. Save beeswax.
2. Make the beeswax foundation sheet more uniform
3. The operation is more convenient

The specification:

Diameter 85* roller length 310mm or 450mm (other size can be customized), weight: 38kgs
