Product Description

100% Pure Raw Sidr/Jujube Honey of Bee Products Factory Sales Directly Natural Bee honey

Features appearance

It is amber and dark color. Depending on the variety, the sidr/jujube honey is transparent or slightly turbid and shiny. The texture is sticky, and jujube honey is not easy to crystallize. It takes a long time to see the slow crystallization process under low temperature conditions. The smell is turbid, with a special strong smell (jujube fragrance). The taste is sweet and greasy, and the aftertaste is heavy. Sweet and delicious, especially for ladies.
