Product Description

Big Granual Organic Natural Bee Products Fresh 100% Pure Tea Pollen

About our tea pollen, it is mainly from our Sichuan Province , south west of China , where there are large quantity tea trees. And the tea pollen is mainly orange color , more sweet than rape pollen and mixed pollen. Our moisture is controlled within 8%,the impurity rate is lower than 1%

Bee pollen is the food of the young bee and it is approximately 40% protein. It is considered one of nature's most completely nourishing foods. It contains nearly all nutrients required by humans. About half of its protein is in the form of free amino acids that are ready to be used directly by the body. Such highly assimilable protein can contribute significantly to one's protein needs. Bee pollen is rich in natural vitamins and minerals and also highly concentrated. It contains all the necessary nutrients of the human body which do good to our health ! Bee pollen has following functions as : nourishing the body tonic, robust brain agent, promotor of child development, edible beauty composition and a therapeutic agent for various diseases.

About the pollen ,we have rape pollen , tea pollen and multi flower pollen. Rape pollen is from the rape flower, tea pollen is from the tea flower, multi flower pollen is from different types flowers such as sunflower, wild flower so on.
