Product Description

Wholesale Natural Bee Honey Sidr Honey 100% Natural Bee Products from China

Honey & Health

Sidr honey is a pure and original honey that has not been heated or filtered at all, retaining all its natural ingredients and unique taste.

Sidr honey, renowned for its unique properties and superior quality, is the purest and most nourishing form of raw honey available.

Sidr honey is generally considered safe to eat and offers many health benefits. Historically, it has been used for medicinal purposes and is thought to have antibacterial properties that may help prevent infections. Honey may be used for the treatment of certain sores, ulcers, and other wounds and can help soothe minor burns. For small cuts and abrasions, applying honey beneath bandages can potentially aid the healing process. Honey is also commonly used to suppress coughing, and according to studies, it is equal to or better than some cough syrups. Additionally, it may help soothe the sore, inflamed throats of people suffering from colds. Honey also has some antiviral benefits, which may boost one's immunity and prevent them from getting sick.

We mainly have these honey species: sidr honey, acacia honey, bush froest honey, traditional herb honey, fruitwood flower honey, snow cream white honey, Manuka honey and so on. All of our honey is 100% natural without any additive. It is very healthy and natural. In the market, many suppliers use the lower price to attract customers. In China, you can say that one dollar only buy one dollar value goods. We believe our good price based on the 100% natural good quality bee products and our best after-selling service can satisfy you a lot. Welcome you to contact us to help you better.
