Product Description

100% Pure Pure Raw Honey Natural Rape honey Natural Bee Honey without any Additives Health Food

Rape honey is light yellow in color, it is light amber, slightly turbid, after crystallization it is white or light white, has the aroma of rape, slightly spicy taste, after a long time of storage, the spicy taste will be reduced, the taste is sweet, and it is easy to crystallize, It is milky white after crystallization, and the crystal is fine-grained or oily.

Rape flowers secrete a large amount of nectar, and the honey is very light yellow, slightly darker than milk vetch, turbid, has the fragrance of rape flowers, sweet taste, and is easy to crystallize.

Rape honey is a pure and original honey that has not been heated or filtered at all, retaining all its natural ingredients and unique taste.

Rape honey, renowned for its unique properties and superior quality, is the purest and most nourishing form of raw honey available.

Honey functions

Honey is a kind of relatively mild food, and the nutrients contained in honey are also relatively rich, as well as a variety of amino acids, multiple trace elements, minerals and dietary behaviors. Honey can be paired with any food, and it will not be counterproductive. It is mainly used for flavoring. Honey water can also be taken directly with warm water, or it can be combined with milk. You can also put some honey to taste when making lemon tea. Honey has the effects of laxative, detoxification and beauty.

Workshop

We have our own apiary and factory, our staff will check the Moisture, Diastase, Acidity, HMF, F/G, Pesticides and index of the honey through various chemical tests to ensure that the honey is free of pesticide residues while maintaining the quality.
