Product Description

90% Pure Bee Propolis Block or Paste

2022 widely used superior quality 90% pure bee propolis block for health care applications.

Propolis is the resin collected by honey bees from spore plants or tree trunks, mixed with palatine gland and wax gland secretions, then processed into a kind of colloidal solid with aromatic smell. Propolis appears as an opaque solid with colors ranging from yellowish-brown, brown, beige, sage green, dark green, to black. It has a slightly bitter and spicy taste.
