Product Description

10-HDA: 5.0% Royal Jelly Lyophilized Tablet of Green Healthy Bee Products

Description of Royal Jelly Tablet:

Royal jelly lyophilized tablets are refined by using high-quality royal jelly, ultra-low temperature vacuum freeze-drying, tablet pressing and other advanced technologies. It fully retains the original nutritional components and active substances of royal jelly. In particular, the content of 10-HDA is more than 5.8, which is three times that of royal jelly. It is a bee product with a very high preservation rate of active components in bee products. It is a real green and healthy health food.

Function of Royal Jelly Tablet:

Royal jelly lyophilized buccal tablets have a definite health care effect on the human nervous system. Because they are rich in vitamins and proteins, they can kill bacteria, fight cancer, promote hematopoietic function, increase the content of hemoglobin, and improve the disease resistance of the body. It can also improve the symptoms of rheumatism, including joint redness, swelling and heat pain. It can also improve the islet function and improve the symptoms of diabetes.

Storage Condition of Royal Jelly Tablet:

1. Seal preservation
2. normal temperature preservation
