## Product Description

### Thick Canvas And With Mesh Breathable Layer Longsleeve Sheepskin Beekeeping Gloves

#### Why beekeeping gloves are important ?

1. Your hands are precious and should be protected from stinging. And they will greatly reduce the danger and severity of being.
2. If you wear a bee-keeping glove with extra long gloves and put it on the arm of a bee suit, the bee enters the cuff and gets trapped, and then the stinging wrist does not have any problems.
3. With extra-thick cuffs that are stab-resistant, this means your wrist will not sting. The strong elasticity in the gloves prevents the bees.
