### Product Description

300kg Natural Manuka Honey UMF20+/MGO850+

Manuka Honey is farmed and harvested in rural unpolluted pastures of New Zealand. The Indigenous Maori population recognises the unique activity of Manuka Honey and has been using it for centuries. Manuka honey is a pure and original honey that has not been heated or filtered at all, retaining all its natural ingredients and unique taste. Manuka honey is a pure and original honey that has not been heated or filtered at all, retaining all its natural ingredients and unique taste.

Beestak

Beestak

The higher the MGO (Methylglyoxal) grade, the stronger the Mānuka Honey

Offers a medium level of protection for your body and immune system to help deal with the stresses of everyday life. Ideal for those who may need additional support getting over colds & viruses or feeling run down. Great for the older generation along with those who may be less mobile in helping support their immune system particularly against viruses, coughs & colds. Quickly soothes inflamed bowels or upset stomachs. High Quality reputable source, traceable back to the hive in New Zealand. Manuka honey, renowned for its unique properties and superior quality, is the purest and most nourishing form of raw honey available.
