Product Description

New type Hand-held bee smoker beekeeping for Apiary beekeeping equipment

Details of the product:

1. Stainless steel material, not easy to rust, high temperature resistance;
2. The bottom is thicker and anti-scalding, with fuel support, so that the fuel can be fully burned and more smoke can be released;
3. Fine workmanship and durable.

Company profile:

Bee Star was established from a beekeeper's family since 1950. Beekeeper Shen was very well known because he was very professional in beekeeping, his bee colonies were always stronger than others' and could crop more bee products. 40 years ago, Shen started to develop his business with his big families and relatives, they increased lots of their honey bee colonies and then built their own small honey plant and beeswax factory. Some others started to produce beehives, bee smokers, beekeeping clothes and so on. Until now, the whole families and relatives already have more than 1000 beekeeping apiaries, and one honey and royal jelly plant, one beeswax factory, and one beekeeping equipment factory. They support each other and help each other to develop together. After satisfied the Chinese inland beekeeping market very well, with the continuous expansion of scale, they established the International Trade Department 10 years ago and started the export journey. Bee star is mainly responsible for exporting the products from the family group factories.
