Product Description

Plastic handle Uncapping knife with SS curved edges Honey Uncapping Tools

Introduction:

Uncapping tools are used for removing the thin beeswax covering off the honey frames to expose honey. Only once honey is exposed can it be extracted. Our uncapping tools and equipment range from the handheld uncapping knife to electric uncapping knife.

When it's time to uncap your honey you will need a fast easy way to remove the laying of wax over the honey. You can use a Capping Scratcher or you can make the process much easier by using a Uncapping Knife. Any uncapping tool which you choose from us can give a wonderful uncapping experience.

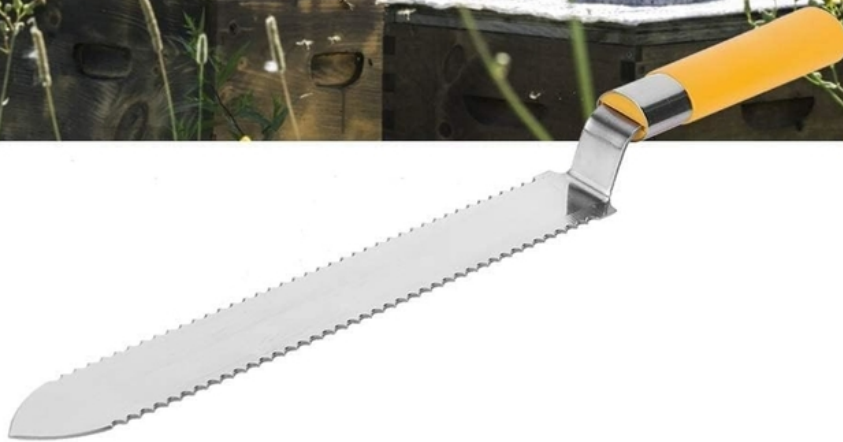

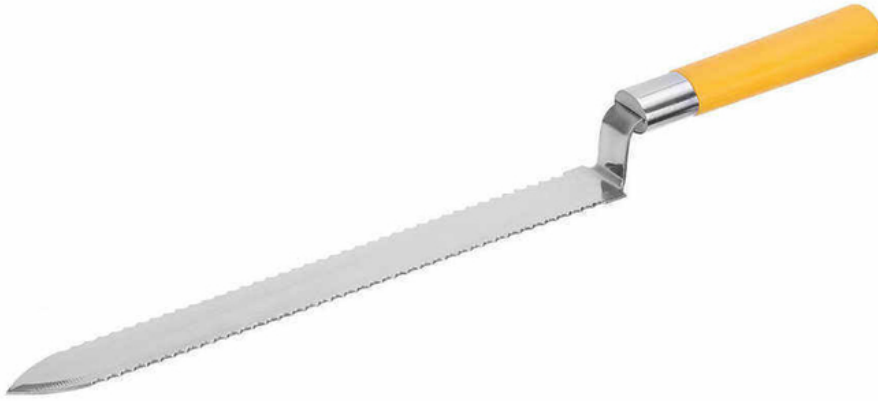

Honey Scraping

Specially used to cut beeswax capping from the honey frame.
It is an indispensable practical tool for beekeepers
