**Source-**Beeswax foundation is the base of honeycomb which made by people for building the honeycomb by bees.

The color of the beeswax foundation produced by the company is dark yellow and transparent with moderate hardness and natural bee fragrance. It adopts a unique formula, which fully combines the physiological characteristics and living habits of bees. It has the excellent quality of "fast comb building, fast spawning, high toughness, and not easy to break in winter and fall in summer". It has been popular for more than 20 years and has been widely accepted by global bee friends. This product is well-known in the domestic field and has been exported to Algeria, Tunisia, Albania, Ecuador, North Korea, Bulgaria, Greece and other countries and regions.
