Product Description

Wangshi Bee Medicine Manjing flumethrin Strip is an effective varroa mite treatment for bees, packaged as 20 strips per bag.

Made of high-quality valproic acid (flumethrin)

Non-volatile insecticide that works through contact and consumption

Kills varroa mites when touched by bees and passed to mites

Effective within a few hours of suspension

Recommended usage period: 21-28 days during larval-free period

Remains effective for up to 60 days

Packaging Information

20 strips per bag; 400 bags per carton (35kg). Standard export packaging available, with custom packaging options upon request.

Delivery Options

Samples and small orders shipped via air express (DHL, FEDEX, UPS, or EMS). Large quantity orders shipped by sea to your designated port.
