Product Description

Wholesale Custom Logo 50G Hand Cream Lotion Handcream White Beeswax Skin Care Moisturizing Hand Care Products

Product Description

Propolis Extract: Enriched with propolis extract, it effectively improves oral problems. As recorded in Pharmacopoeia, propolis has astringent and tissue-regenerating properties, making it particularly suitable for addressing issues like gingival bleeding.

Patented Ingredients: The three components--lipoic acid, propolis extract, and aloe vera extract--work synergistically to provide effective antibacterial and bacteriostatic effects. It also helps alleviate oral lesions in diabetic individuals.

Long-Lasting Freshness: With a coconut rum flavor, it mimics the unique blended taste of cocktails. It rinses away dirt and leaves you with a pleasant mood.

Specification

Natural sidr honey	
Specification	50g per bottle
Ingredient	Generous amount of Shea Butter, Aquaxyl (Moisture-Locking Magnet), White Beeswax, Squalane, Vitamin E
Key Selling Points	Contains 10% Shea Butter to moisturize the skin; Combined with Aquaxyl - keeps hands moisturized and non-dry even after repeated hand washing, reducing moisture loss
Salon-grade fragrance	People with dry hands, cuticles, rough skin, or those who frequently come into contact with water.
How to Use	Take an appropriate amount, apply it to hands and nails, then massage repeatedly until absorbed.

Usage Instruction

Company Profile

Bee Star---the most professional one-stop beekeeping platform, who is the first beekeeping group company consisting of several beekeeping products factories. For helping our customers to get the best quality, most competitive price and best after-sales service, we insist our everlasting business principle: Be honest and sincere to all customers, only supply great quality beekeeping accessories and 100% pure natural bee products.

Our honey plant has complete and advanced facilities to ensure that every drop of honey meets high-quality standards. Firstly, we have a first-class laboratory equipped with advanced testing equipment and professional technical personnel. Here, every batch of raw materials and finished products undergoes strict quality testing to ensure no additives, pollution, and residues. Secondly, our production workshop adopts modern production lines, achieving automated and intelligent production processes. Here, honey is finely filtered, sterilized, and packaged to retain its original nutritional content and taste. Finally, our storage room adopts constant temperature and humidity technology to ensure that honey remains in its optimal condition during storage. Here, honey is properly stored and ready to be sent to various parts of the country at any time, sharing the sweetness of nature with you.
