Note: Air valve, air hose and gas cylinder not included. These parts can be easily purchased at local supermarkets.

Professional oxalic acid vaporizing fumigation tool widely used in apiaries for organic bee mite treatment. Features stable performance and high efficiency.

Company Profile

Bee Star — the most professional one-stop beekeeping platform, and the first beekeeping group company consisting of several beekeeping products factories. We maintain our everlasting business principle: Be honest and sincere to all customers, supplying only great quality beekeeping accessories and 100% pure natural bee products to ensure our customers receive the best quality, most competitive pricing, and superior after-sales service.

Exhibitions

Manufacturing & Services

Are you a factory or trading company?

We are a factory with over 10 years of experience in beekeeping products manufacturing, ensuring quality control and competitive pricing.

Do you offer OEM/ODM services?

Yes, we provide comprehensive OEM/ODM services including custom design and private labeling.

What is your minimum order quantity?

We accept small initial orders, though shipping costs may be higher than bulk sea freight options.

How about shipping costs?

We optimize shipping methods based on order size, offering air/express for smaller orders and sea freight for larger quantities, always selecting the most cost-effective solution.
